- Experienced in Unreal Engine, Unity, Visual Studio, SFML, Github, Blender, Photoshop, Autodesk
- Project management and development
- Proficient in Word, Excel and PowerPoint
- Technical skills

WORK EXPERIENCE

BRITISH HEART FOUNDATION CHARITY RETAIL SHOP VOLUNTEER

Hemel Hempstead, 08/2024 - Present

- Provided high-level customer service by identifying and responding to customer needs.
- Operated the till, efficiently processing transactions and inputting Gift Aid IDs, which contribute to a 25% increase in profit for eligible items.
- Handled donated stock, ensuring items were in good condition, processed and prepared for display to meet customer-ready standards.
- Managed deliveries, recording and moving heavy stock in and out of the store and disposing of faulty or damaged donations.
- Maintained knowledge of stock with their respective PLU numbers, display placement and suitability for shop floor.

LANDSCAPE GARDENING ASSISTANT

Hemel Hempstead, 06/2022 - 08/2022

- Assisted in the preparation and execution of landscape gardening projects, contributing several hours per day over a period of a few months.

ACCOMPLISHMENTS

- Nominated for best Indie Game in Collaborative Game Development; implemented core gameplay mechanics as programmer.
- Developed leadership, teamwork, and project management skills through community service projects and volunteering, NCS 2019.
- First-Class Grade for Final Artefact in Games Development Project: Demonstrated advanced skills in game development.
- Received multiple certificates for belt progression in taekwondo.
- Certificate in CPR training, learnt how to properly conduct CPR and use a defibrillator.

- Transported and managed landscaping materials, moving approximately 14,000-16,000 kg of various items such as stone tiles, sand, gravel, and stone bricks using a wheelbarrow.
- Cut down foliage and cleared designated areas, ensuring the site was prepared for landscaping tasks.
- Helped dig and level ground to meet project specifications.

FARM LABOURER (WWOOF)

Wymondham, Norfolk, 07/2021 - 08/2021

- Collaborated with farm workers, ensuring strong communication and teamwork.
- Managed livestock, moving goats between enclosures for proper grazing.
- Constructed and set up secure enclosures for cows and goats, ensuring a safe and suitable environment.
- Collected and handled eggs from hens, maintaining hygiene and quality.
- Watered and maintained tomato plants, ensuring optimal growth conditions.
- Completed tasks in challenging weather conditions, adapting to heavy rain and heat.
- Excavated and prepared planting beds for new crops, ensuring optimal growth.
- Maintained a clean and healthy environment for animals by feeding them and cleaning their pens.
